Dear Team,

I am passionate about providing exceptional care and support to others, and I am eager to contribute to the well-being of residents.

In my previous role in aged care, I supported residents with daily activities such as personal hygiene, mobility, and meal preparation, ensuring their comfort and dignity. I have developed strong observational skills, allowing me to effectively monitor and report changes in residents' health, ensuring that the right actions are taken. By working with multidisciplinary teams, I have helped create care plans that meet the individual needs of each resident.

My compassionate and patient-centered approach, combined with my training in Certificate III in Individual Support, ensures I provide professional and empathetic care. I am dedicated to creating a supportive and safe environment for those under my care.

Thank you for considering my application.

Kind regards,
Sandeep Khanal
